WHY WE CHOOSE PLAY SCHOOL

We choose play school for early childhood education which helps in building a strong foundation in social, pre-academics, and general life skills. It helps in the development of a child's emotional and personal growth and provides opportunities for children to learn in ways that surely interests them and develop a strong sense of curiosity. We also do put special focus on small kids as they have potential of learning and thinking.

OUR PROGRAMS

Audio-visual learning

The language based program provides a reading foundation based on the letter and sound of the alphabet. It also helps children in language growth.

Social-emotional development

Children with strong social skills find it easier to establish good relationships and this has a positive impact on their well-being. There acting, feeling, thinking is our first step to their emotional development.

Concept lab

Math-lab -The program provides an opportunity to discover mathematics by doing it. This hands-on experience helps to understand abstract math concepts through concrete objects and repeated experience.

Science-lab- science is a way of understanding the world around us based on observation investigation and reasoning scientific thinking is all about finding and discovering new truths.

Physical development

A fitness program created for kids and their physical development. The program is based on F3 fitness for the body, focus for the mind and fun for the soul, we also introduce yoga to help children use their body in a healthy way through breathing awareness meditation and healthy movement.

PARENT'S GUIDE

The golden rule of parenting is do unto your children as you wish your parents had done unto you

Teach your child

- To recite their full name, address and telephone number
- To know his / her teacher's name
- To go straight to and from school unless instructed by you
- To avoid strangers whether in a car or on foot.

Goals for parents

- Actively participated in your child's education.
- Attend parent -teachers meeting regularly.
- Understand the correlation between home environment and school success
- Guide the child to complete the home connection activity
- Love, praise, and attention motivate a child to follow rules.
- Know your child's limits and understand his level of understanding. Don't pressurize or overburden.
- Make an activity fun, not punishment or stressed compulsion.
- A repetitive "NO" should be avoided.
- Set a daily routine of eating, studying, playing etc.
- Let them act independently sometimes.

Parents should carry out their responsibilities like

- Students should always wear their School ID cards.
- Parents are requested to go through their wards' school diaries regularly and sign the teacher's remarks, if any.
- PTM meetings should be regularly attended to discuss the performance and progress of the child.
- Parents must check that the child carries books/notebooks according to time table.
- Children should do their home work by themselves unless they require some guidance.
- Parents are requested not to accompany their wards to the classrooms at arrival time. At Departure time they should collect their wards from the school gate.
- Parents are not permitted to meet teachers during school hours. In special cases, parents may be allowed to meet the teacher with prior permission from the principal/ academic in charge.
- Parents should use the "Leave Record" form in the diary when applying for leave or explaining the absence of their children.
- Parents are requested to send their wards in a neat and clean uniform. Students should not wear faded, over-size or small-size uniforms.

LEAVES/ HEALTH ISSUES

- If you are taking your child in half a day, you have to submit an application regarding the same in school.
- If your child is taking one or two days to leave, you have to inform the teacher priorly & have to submit an application.
- If your child is on leave due to health issues you have to submit his/her medical report in school when he/she returns.
- When your child gets sick while at school you will be contacted immediately, on any conditions of serious issues related to medical inquiry happened in school, the school will provide first aid first.

PARENTS FEEDBACK FOR OUR SCHOOL

With your guidance my kid has developed into a confident and capable child. Thank you so much teachers for all the efforts you are putting into our kid's development. Your patience and commitment towards our child's improvement are really commendable.

As a parent I know perfect teachers are hard to find, but for me you are first and best teacher for my child. Thank you for your love and care you are giving to all the kids each day.

Dear Blue Bells Team,

I would like to express my sincere appreciation for the excellent learning environment and dedicated teaching at your school. My child, Dhrishit Pardhi study completed in UKG (B), is progressing well academically, and I am truly grateful for the support provided by the school.

The school provides a positive and disciplined environment that encourages learning and personal growth. The class teacher, has been exceptionally kind, supportive and understanding. Her teaching approach and behaviour towards students creates a motivating and comfortable learning experience.

I am delighted with my child's education and development at The Blue Bells international school. Thank you for your hard work and dedication to shaping young minds.

I would recommend other parents to choose your school to provide the right environment to their child.

Thanks
